

## AIA EASTERN OHIO

A CHAPTER OF THE AMERICAN INSTITUTE OF ARCHITECTS  
OHIO ONE BUILDING  
YOUNGSTOWN, OH 44503

### NEWS OF THE BOARD

A sincere THANK YOU to those members who contributed to our chapter to raise \$1,400 for AIA Ohio PAC. This support has not gone unnoticed at the state level. Your support will certainly increase our chances to double our advocacy grant.

“Swing for Scholars” is fast approaching and the level of participation is less than anticipated. Sponsorship solicitation is running at a snails pace. Very few members have signed-up at this time and those individuals and businesses that have been contacted have been slow to respond. This fund raiser is very important to the Chapter’s goal to provide two scholarships to accomplished students in architecture. Please contact Mike Fagan at 330.744.8981 for more information.

This newsletter is a good way to get information out to our members regarding our practices and what is happening in our endeavors. Sharing our thoughts and ideas can do wonders to our fellowship. If you wish to include something in the newsletter please forward the information to the Chapter’s president, Mike Fagan at [mfagan@olsjam.com](mailto:mfagan@olsjam.com) by third week of the month.

Remember to be an advocate for public awareness of the profession by ‘getting the word out’.
